Enhance home working setups and increase your share of wallet with Logi Dock

Companies are investing in home working technologies—
and investment is growing. **Fast.**

Global speakerphone market:
$299m in 2020
+10-15% each year

Docking station market:
$3B by 2025
+5-10% each year

Video conferencing market:
$4.2bn in 2020
+10-15% each year

Open all of these revenue streams with Logi Dock.

Today, your customers are buying three or more different products, probably not all from you, to meet the needs of home workers. Now, you can offer an integrated solution that provides a better experience for the user, is simpler for your customer to buy and support, and makes you money.

How many employees want hybrid or fully remote work?[1]

Pre-pandemic: **38%**

Post-pandemic: **63%**

Did you know 53% of employees want to work from home at least three days a week?[3]

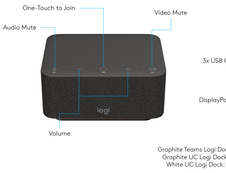

48% of employees want companies to upgrade their work from home equipment[2]

The Work From Home Superhero Includes
