

Boost Remote User Productivity with Dell Monitors

Organizations are integrating **remote workstyles** that foster flexibility without compromising productivity.

Unlock productivity and comfort with Dell Monitors

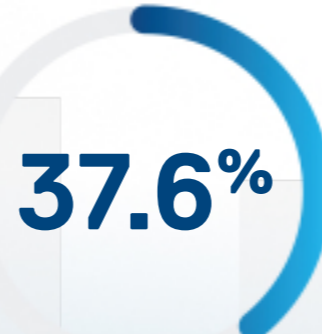

92% of employees feel that ergonomically-optimized monitors are critical to improving productivity¹

Up to

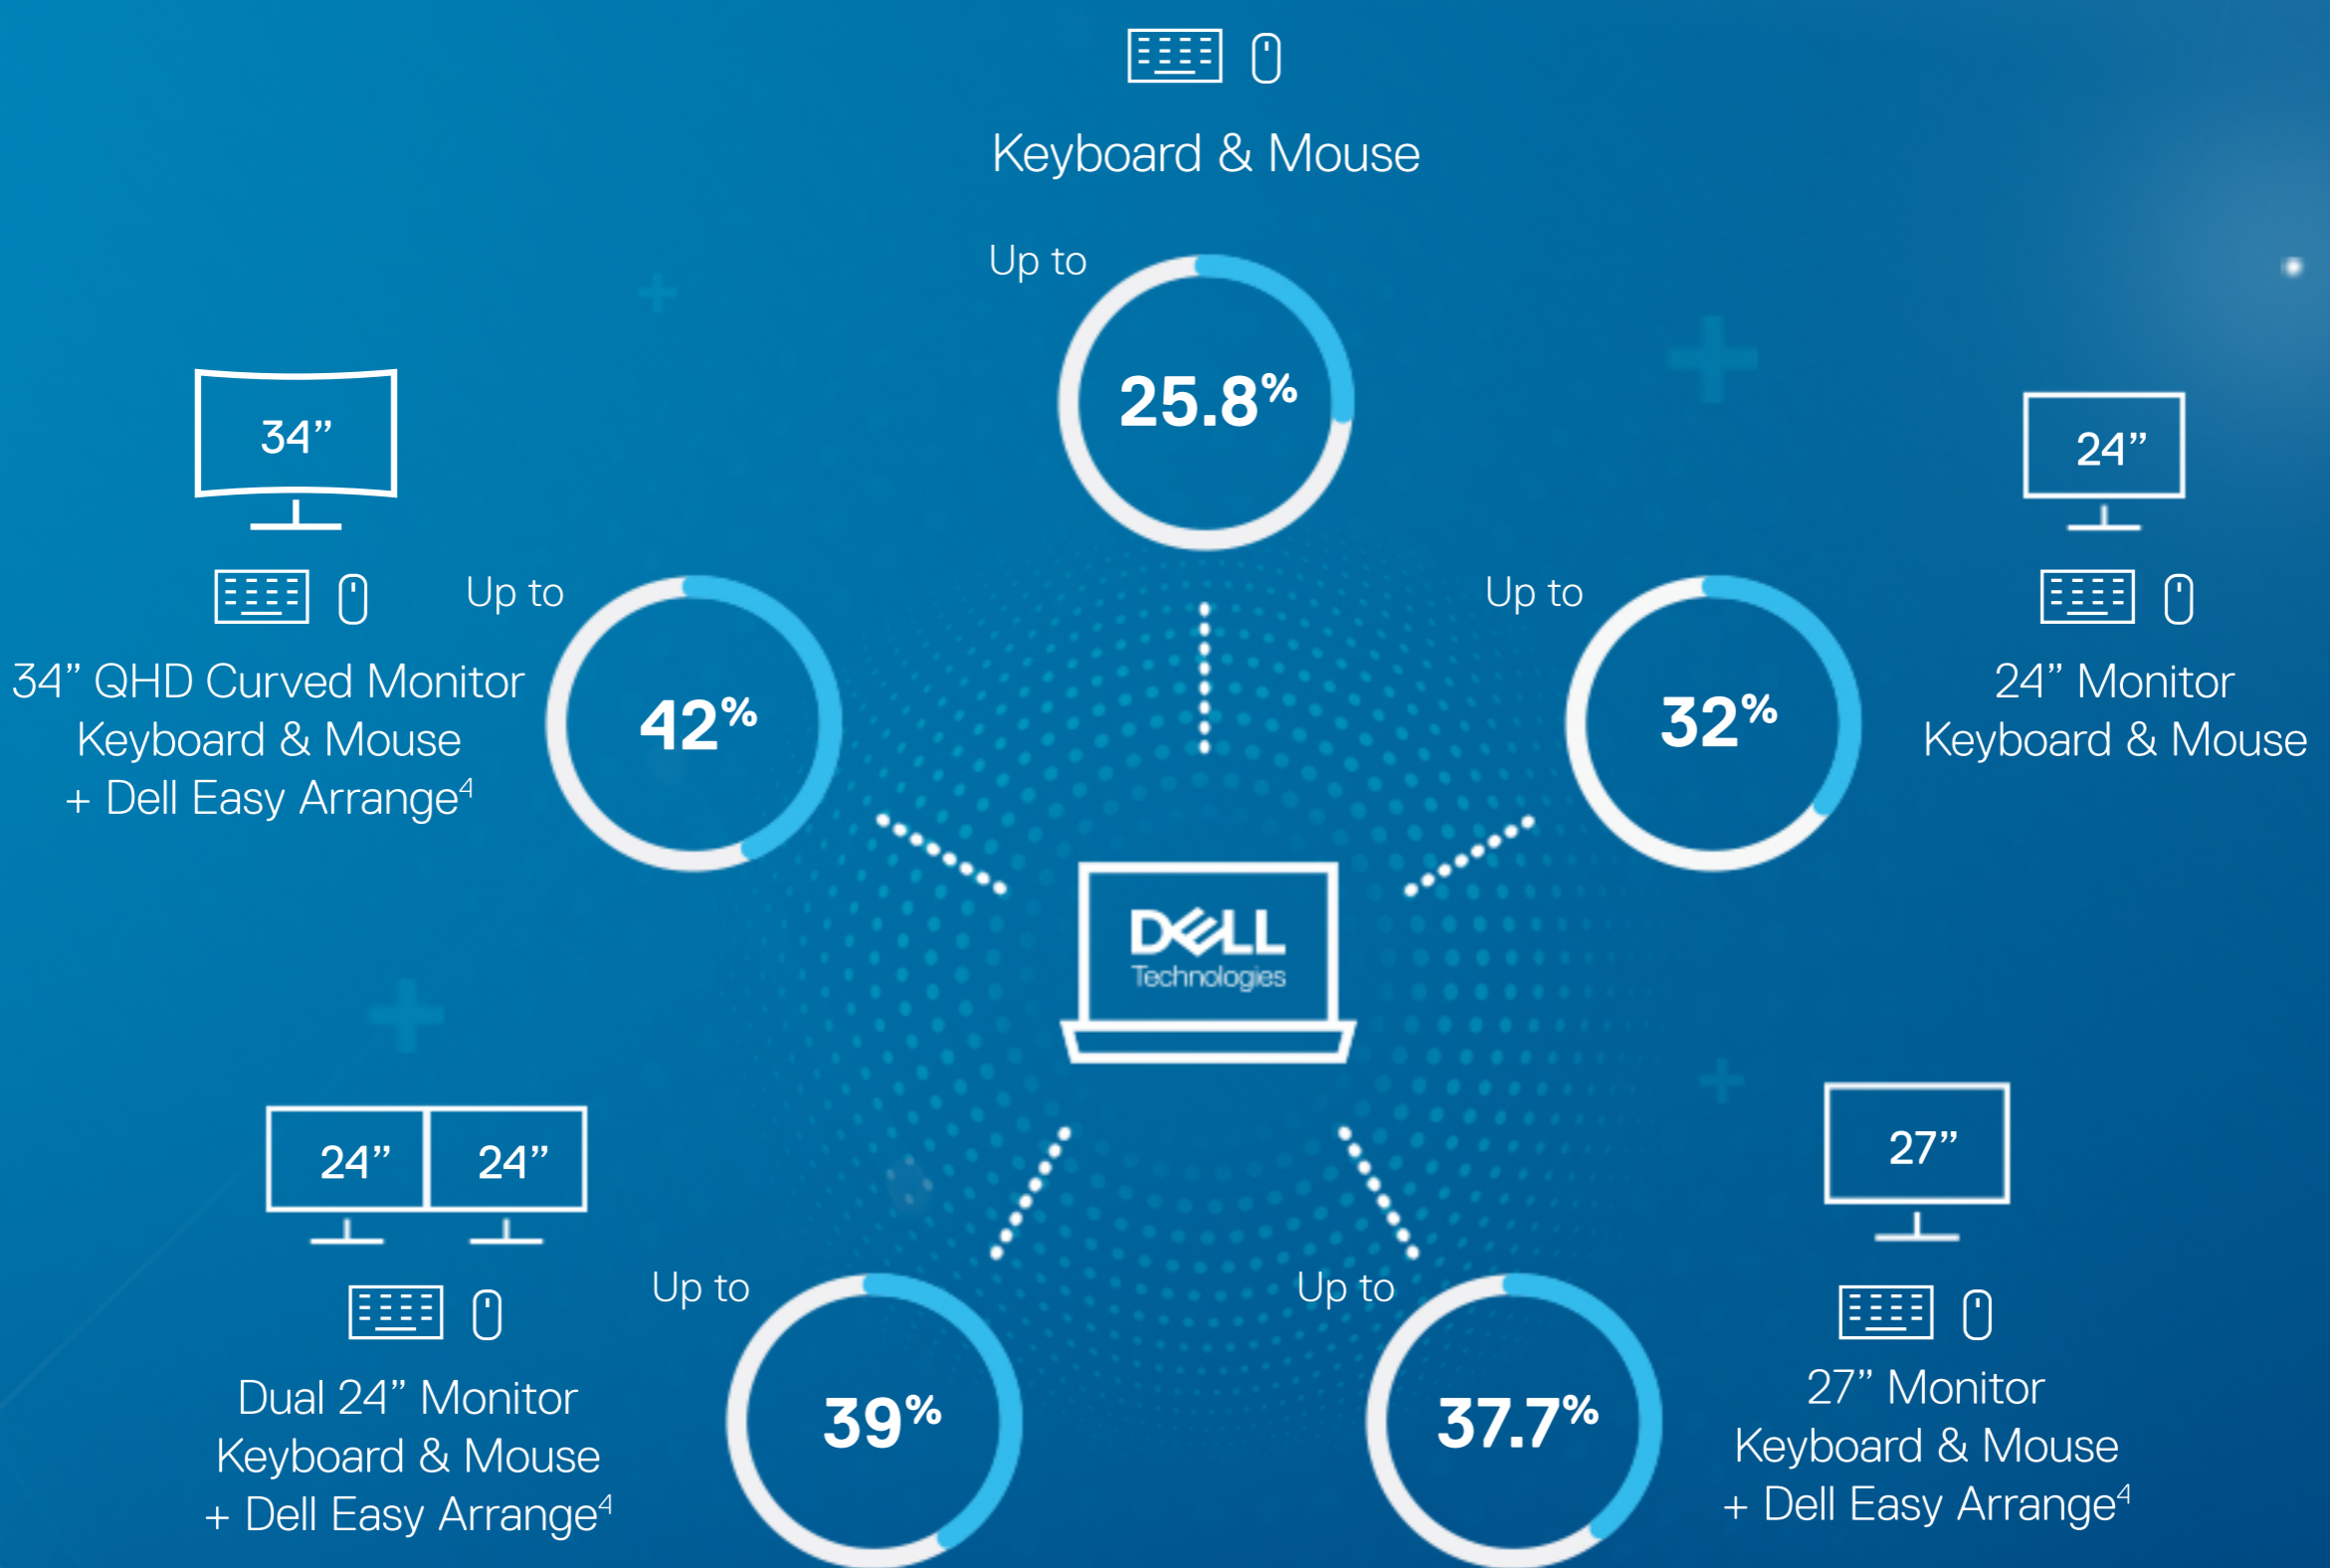

20 hours are saved annually from using a single USB-C cable to minimize desk clutter and streamlining connectivity²

Up to

37.6% average productivity improvement when different monitor configurations are added to a user's workspace³

A new Dell-commissioned study demonstrates how users can boost productivity by using a Dell monitor, Dell Easy Arrange feature and Dell wireless keyboard and mouse along with their laptops.³

SEE EVERYTHING.
DO ANYTHING.

Dell Monitors - The World's #1 Monitor Company*
